ARGUMENTS HEARD BY COMMISSIONER

Fairfaxians Meet Wilson at Meeting at Sherwood Hall Last Night.

WANT BOND ISSUE.

Commissioner Suggests an Expenditure of $100,000 ForImprovement of the Four Roads.

Yesterday was a busy day for the advocates of the National Highway. From early morning to late at night residents of Fairfax county residing along the river road, the Mountain and the Telegraph roads, were astir building their fences and preparing their arguments for presentation before State Highway Commissioner P. St. John Wilson, at last night's meeting held at Sherwood Hall Fairfax county.

After hearing arguments o fthe various committees present, at the meeting advocating the improvement of roads in the section of the county they represented. Commissioner Wilson suggested that a bond issue of $100,000 be authorized by the county and the receipts be expended in the improvement of four roads, namely, the Telegraph road, the river road, the Mountain road, and Black Lick road the total mileage of which is said to be less than thirty miles.

After his arrival in the city, Commissioner Wilson was met at Union Stationed by a committee and taken in an automobile over the routes of the four roads in question, in order that he might form a personal opinion as to the merits of each road, and if possible, select one road out of four for improvement.

Mr. Wilson refused to commit himself in favor of any particular road singled out for improvement by residents and in his address to the property owners at last night's meeting told of the experience of other counties in the state in handling their road problems, which were somewhat similar to the present problem of Fairfax county. Out of 100 counties in the state, 34 have authorized bond issues for improvement of roads, and one county, which he described in particular, after issuing bonds totaling $100,000 which sum was not sufficient to make all improvements desired, the citizens cheerfully voted to increase the issue $50,000 to assure the carrying out of their plans.

Mr. Wilson said sufficient money could not be raised by private subscription for improvements to any one of the three main roads in the county, and that such a method would only succeed in creating dissatisfaction among the property owners residing along the road not so improved.

To authorize a bond issue was finally decided upon by all present, as bein the only satisfactory solution of this road problem, Pierce Reed then presented a petition for the signatures of free holders, which will be presented to the Judge of the Circuit court asking the court to call an election to vote upon a bond issue of $100,000 for improving the four roads.

Before adjournment of the meeting twenty-five signatures had been secured it is expected the 53 names required will be affixed to the petition before night. It will be presented to the court and an election probably held next October to vote upon the bond issue.

Another meeting will be held in the near future attended by property owners interested in the three roads in question when a permanent committee will be organized, composed of three or five residents along the route of the River, Mountain and Telegraph and Back Lick roads. This combined committee will represent all factions and be thoroughly organized as soon as formed, for the purpose of boosting the bond issue plan and to secure its passage at the special election expected to be held.

NEWS OF THE DAY.

One man was instantly killed and three others injured when a large auto moelibhiny rd isrd mrd fg rfd rfdlu tomobile in which they were riding turned turtle early yesterday at Washington, Pa.

Six persons were killed in an automobile accident at San Gabriel, Cal., yesterday afternoon. The dead were members of a tourist party from Caruthersville, Mo., residing temporarily at Long Beach. A Southern Pacific engine backed into the automobile in which eight persons were riding. Only one escaped injury.

A belated communication from Guaymas, in the hands of Mexican Consul Ainslie, says that 300 Constitutionalists met death in an effort to swim across the bay when the State troops were repulsed by a hidden Huerta force in their attempt to enter the California gulf port. The message states that General Ojeda, after his retreat to the federal base, arranged an ambush to surprise the pursuing constitutionalists and that 800 federals fell upon the State troops, which ended in disorder, leaving many dead and wounded behind. Abregon's men were celebrating what they believed to be the fal lof Gayymas, when the federals closed in upon them.

With the signing of the contract for the construction of the new battleship, known to the Navy Department officially as No. 39, work on the latest dreadnaught in the United States Navy will begin at once. The vessel is to be built in the New York Navy Yard and probably will represent, when completed, the most powerful ship of war afloat. The new addition to the navy will have a displacement of 31,400 tons, and will be 60 feet long and upward of 97 in breadth. A battery of 12 14-inch inch guns, with four submerged torpedo tubes, will comprise her principal armanent. In addition there will be a large number of small and rapid-fire guns and rifles. The vessel will cost about $7,425,000.

Dr. B. K. Leach, a Socialist editor, was driven out of Bondon, Ore. yesterday, following a notice served on him at a massmeeting of 600 citizens last night that his presence would no longer be tolerated. Leach was placed aboard a boat late yesterday and sent to Coquille, where he was landed and directed never to return to Bandon. Sixteen automobile loads of business men went from Marshall to Coquille to meet Leach there and see that he kept going. Leach was driven away because of violent utterances printed in his weekly paper. He attacked the American flag and supported Industrial Workers of the World propaganda. Warnings that an invasion of Industrial Workers was imminent, the leaders say, prompted citizens to expel Leach "as a measure of precaution."

"Jake" Oppenheimer, known as the "Criminal of the Century," and "The Tiger Man," because of his murderous ferocity, was put to death on the gallows at Folsom, Cal., yesterday morning for the murder of a fellow convict in Folsom prison, yesterday. Oppenheimer was probably one of the most remarkable criminals of the age. He had at least four murders to his credit and innumerable murderous assaults. He commenced his criminal career when a boy. Discharged by the superintendent of a telegraph company in San Francisco, he thereupon shot and killed the official.

Drastic action was taken yesterday by International Board Manager Thomas Haggerty and other officials of the United Mineworkers to force the striking miners in the Paint and Cabin Creek, W. Va., fields to respect the edicts of the organization. The miners' local union at Coal River Siding was ordered to end the strike at the plant of the Seng Creek Coal Company or surrender its charter. The refusal of the union officials to support the strikers at the Laing & Dickinson mines, on Cabin Creek, and the Morton mines, on Paint Creek has caused the men to agree to return to work at once. Most of them were at work yesterday. As a result of the agreement July 1, all the miners in the New River field are at work with the exception of two mines at Winding Gulf, where a misunderstanding of the terms of the agreement exists.

ELLYSON ACTS ON OWN INITIATIVE

Retires as The Temporary Chairman of State Democratic Committee.

ECHOLS AT THE HELM.

Answers Letters Received From A. J. Wedderburn and L. H. Machen, His Opponents in Race.

As was stated in a special dispatch from Richmond to the Gazette yesterday, acting upon his own initiative and although both of his opponents have written him that they would not request him to do so, Lieutenant-Governor J. Taylor Ellyson has resigned as chairman of the State Democratic committee, until after the primary of August 5th, nad has appointed State Senator Edward Echols, of Staunton, to act in his stead during the progress of the campaign.

Mr. Ellyson has taken this step because of the fact that he is a a candidate for re-election as lieutenant-governor and wished to have no official connection with the party's conduct of the primary. Both Lewis H. Machen and Alexander J. Wedderburn declined to make any request for his resignation, the former replying to a request for his opinion with the statement that he preferred for Mr. Ellyson to use his own judgment in the matter, and the atter declaring that he would rather that Mr. Ellyson will continue to act as chairman.

The subject was first broached at Mt. Elliott Springs during the convention of the State Press Association by Mr. Ellyson himself, and was followed up later by letters to Mr. Wedderburn and Mr Machen. Mr. Ellyson asked Mr. Machen at Mt. Elliott to give him his views on the subject, saying that it had always been his custom, when a candidate for any state office, to ask the state committee to relieve him of his duties a schairman. He had not done so this year, he told Mr. Machen, because the committee met in February, at which time he had not decided to become a candidate for re-election, but was willing to resign if his opponents desired it. On June 28th he wrote Mr. Wedderburn and Mr. Machen to the same effect, asking a reply. He received a letter from Mr. Wedderburn on July 2, and yesterday notified Mr. Echols by long distance telephone that he had resigned and requested him to act in his place. Mr. Echols ageed to do so. Yesterday afternoon Mr. Machen replied.

Mr Ellyson said last night that he named Mr. Echols because of his experince on the committee and as a member of the finance committee of the house, and because of the fact that he was one of the original Wilson men in Virginia, and had contributed largely to his preconvention campaign. " I thought he would be acepfable to all," said Mr. Ellyson.

SCHOONER LAUNCHED.

The Courtney C. Houck Takes the Water at Bath, Me.

The handsome new five-masted schooner Courtney C. Houck was successfully launched Tuesday afternoon from the G. G. Deering Company yard at Bath, Me. The day was perfect and the craft in her shining dress of paint and with colors flying made a pretty picture.

The craft was christened by Mrs. Courtney C. Houck of New York. She performed the ceremony with a large bouquet of roses and pinks which she scattered over the stem when the craft struck the water, and named the craft in honor of her husband who was an interested member of the launching party.

As has been stated, the schooner bears the name of a young Alexandrian, son of Mr. Alonzo Houck.

Now the Democrats and Republicans in the House are going to play their annual ball game. The agile Nick Longworth who once starred in these exhibitions will be greatly missed.

LIGHT INFANTRY TO RETURN TOMORROW

Will Break Camp at Virginia Beach Early in the Morning.

HAD WEEK'S PRACTICE

Will be Welcomed Upon Arrival in This City Late in The Afternoon—Enjoyable Encampment.

The boys of Company G. First Regiment Virginia Volunteers, now in camp at Virginia Beach, will return home tomorrow. They are expected to arrive about four or five o'clock in the afternoon. d After having enjoye a weeks' practice at target and manuvers at the State encampment, the men of the company will be paid off today and break camp early tomorrow morning for their return home.

Activities were practically at a standstill in camp yesterday owing to the flooded condition of the. grounds from heavy rains Thursday night and yesterday morning. Drills, dress parade and other camp routine duties had to be called off.

The feature of yesterday was the military ball at the Casino last night. Despite rain the affair was largely atended and the big ball room presented a brilliant spectacle.

The big event scheduled for yesterday was a war game probem, that of defending Norfolk from an invading army supposed to land on the coast near the camp grounds. This took up the morning hours, and afterward the men were paid off and made preparations to break camp Sunday morning.

A court-martial convened yesterday afternoon for the trial of Arthur Hicks, Charles Sweeney and George Humphrey, of Company F, of Richmond, who are charged with desertion. The court was in session again today. These men left company quarters Wednesday night and went to Richmond, whence they were followed by Lieutenant C. A. Rady, who caused their arrest. The prisoners can be severely punished, although they disclaim any nttention or remaindng away throughout the encampment, saying they went back home simply as a lark. Imprisonment and fines are among the penalties that can be imposed.

Colonl Leedy had a narrow escape from injury and his horse was slightly hurt as a result of a runaway Thursday morning Colonel Leedy was drilling a regiment on the paarde ground, when his steed became unruly and slipped the saddle until it turned. While in this position Colonel Leedy was unable to manage the animal that was charging over the parade ground and he jumped safely to earth while the horse plunged into a barbed wire fence, and although scratched and bleeding, continued running. Sergeant Holtzman, of the Secorid Regiment, went in pursuit of the runaway, but as he was in the act of stopping him his own mount fell and rolled over on him, bruising his shoulder.

CAUSTIC REJOINDER.

Rector Reiterates His Skepticism as to Value of Requirements as Deterrent and Safeguard.

Richmond, Juy 12.—The end of the eugenic marriage controversy is not yet. After two exhaustive statements setting forth the views of the two camps of local Episcopal clergymen holding differing views on the question, the rift between the opposing ministers remains as wide as ev The latest contribution to the lit ature of the controversy is a st metn from Rev. Landon R. Ma D. D., rector of Grace Episc Church, answering a criticism Rev. W. Russell Bowie, rector of Paul's of the views held by his tion.

Dr. Mason was one of the Epis pal ministers who declined to an agreement proposed by brot ministers of the church in Richmo to require the groom to produce physician's certificate attesting freedom from diseases of immo origin, as a condition of perform the marriage ceremony. With se other clergymen he issued a st ment setting forth the reason for posing the movement. It called out answer by Mr. Bowie, who was of the signers. To Mr. Bowie's c icism Dr. Mason now makes reply.

In substance Dr. Mason reiter his belief in the inefficiency of eugenic program as a deterrent to immorality, and ts uselessness as a safeguard from disease. He makes light of the argument advanced by Mr. Bowie that the reform strikes a blow at the double standard. The effort to control people in a matter so personal and sacred to them, he holds, will serve only to throw the church and her ministers in contempt.

ITALY SHAKEN BY STORM.

Rome Experiences the Coldest July Weather Recorded in 600 Years.

Rome, July 12.—A terrific storm is raging throughout Italy, and in many places the country has been devastated and the crops destroyed. It is accompanied by remarkably cold weather for the time of year, the temperature in Rome at noon today falling below 60 degrees Fahrenheit.

Such weather in the middle of July has not been recorded in Italy since the year 1313, when superstitious people attributed it to the repetition of the number 13.

Messina, Jnly 12.—A violent tempest in the vicinity of the Straits of Messina, accompanied by heavy rainfall, has caused enormous damage in this reign. Crops have been destroyed and floods have caused the population to leave the huts in which they have been living since the great earthquake of a few years ago .

Cosenze, Italy, July 12—Hurricanes acompanied by slight earthquake shock and underground rumblings have terrified the peasants in this region for the last twod days. This is especially the case in the isolated villages where the people have not recovered from the fright caused by the earthquake which occurred at the end of June.

Naples, Italy, July 12.—Extraordinary falls of rain and hail have flooded the surrounding country for the last two days. Torrents of water, mixed with mud and ashes from Vesuvius have inundated the villages along the Gulf of Turin. Owing to a strong cold wind from the north accompanied by hurricanes, the temperatures fell today almost to the freezing point. Snow is reported to have fallen in the Alps.

SENT TO THE GRAND JURY.

Negro Charged With Housebreaking Dismissed and Witness Held For Crime

A special session of the Police Court was held last night for the purpose of investigating a charge of housebreaking and larceny which had been urged against William Berkley, colored.

About six months ago ,the house on South Lee street, formerly occupied by the late Hubert Snowden family, was entered and a number of articles carried away. A few days ago Officers Kerns and Campbell arrested a colored man named Berkley on the charge of committing the crime. Charles Lewis and another negro named Luther Gunn alleged that Berkley told them he had procured a lady's coat and a graphophone on one of his nocturnal trips and upon this evidence Berkley had been brought before the Police Court and committed for further examination.

The tables were turned when the case was investigated last night, for there was every reason to believe Lewis was housebreaker and thief. evidence having been produced to the effect that he had sold the graphophone and coat to Berkley.

The accused was accordingly dismissed and Lewis held for the action of the grand jury.

The coat and graphophone were fully identified by the owners. Among the other articles recovered by the police were a fountain pen and sever-revolving pencils .

WILL NOT BE TESTED.

Washingtonians Will Submit to State on Automobiles.

The constitutionality of the recent regulation of the board of supervisors of Alexandria county, imposing a heavy special tax in addition to the regular state tax on the automobile owners of the District of Columbia will not be tested.

Alexandria county authorities declare the passage of the regulation was not spite work. They assert that some action was necessary to make the District owners bear their share of the expense of maintaining the cost of the upkeep of the roads and bridges in the county. They argue that the fifty or more automobile owners of Aexandria county use the streets of Washington very little and do little or no damage to them. On the other hand, they point out that there are 14,000 automobile owners in the District and that a large number of them use the highways of the state and to a great deal of damage to the roads and bridges.

The outcome of the whole affair appears to be that the District motorists will be forced to accept the penalty inflicted upon them by the Virginia authorities for living in the National Capital.

DEATH OF A CLERGYMAN.

PROBABLY A FAKE STORY.

Overcoat With Note Pinned on Lappel Found on Reclaimed Land

Late yesterday afternoon two little sons of Henry Allen, residing on South Lee street, found an overcoat which had been well worn, and wet and muddy, on the breakwater of the newly reclaimed baptizing Cove. The station house was notified and later Sergeant Scott and Officer Talbot made an investigation. A note not much larger than a sugarkiss verse was pinned to the garment. It bore this legend: "I am sick and had to drown myself."

It is generally believed that the coat was placed where found by a practical joker, as no person had been missing hereabouts so far as can be learned.

The coat was taken to the station house. No one has been able to identify it.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood. The skin must be cured through the skin. The germs must be washed out, and salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years.

We, ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

"There is not a crop that is not giving signs of breaking records," said Mr. Thornhill. "Conditions are very nearly perfect. The farmers have big and varied crops, surpassing anything we have had for years. Sometimes we have a good corn crop, with poor wheat, or poor hay d good tobacco, but this year every op promises to break records."

CHARGED WITH MURDER.

eligious Maniac in Family Had Threatened Alice Crispell's Life Unless She Reformed.

kesbarre, Pa., July 12.—Her- Johns, the twenty-eight-year-ld of Alice Crispell, who was ned in Harvey's Lake on th of July 4, was held without bail court, by Alderman Brown, ged with murder. The hearing as short, and the testimony of the same character as presented to the coroner's jury Thursday night when Johns was exonerated.

The decision of Alderman Brown rushed the prisoner, and he wept bitterly. His aged mother beame hys- tercial.

A high county official declared to- night that one of the reasons why Johns is ebing held is to throw off his guard a religious maniac; said to be a relative of the dead girl. This rela- ive the police think, was the myste- rious man who was hiding near the boat landing on the night of the girl's

The District Attorney declared that he knows that this relative once threatened to kill the girl because he disagreed with her mode of living.

"He was a convert of Billy Sun- y's and we learn that he became rantic on the orthodox observance of unday's teachings," said Mr. Big- eath.

It has been established beyond a oubt, the detectives said, that Alice was too intimate with Johns to dis- ard a theory they now have in mind.

TWO DIPLOMATS NAMED.

Joseph E. Willard, of Virginia, Minister to Spain.

Washington, July 12.—President Wilson yesterday nominated former Lieutenant Governor Joseph E. Willard, of Virginia, to be minister to Spain and Justice James W. Gerard, of New York, to be ambassador to Germany.

The appointments were made following advices from Madrid and Berlin to the effect that the appointees were persona grata to the respective governments, assurances to this effect having been given the State Department Thursday.

For weeks it has bene known that these two appointments were to be made, the only reason for delay in announcing them being the failure of Madrid and Berlin to notify Secretary Bryan sooner of their approval of the appointees.

Mr. Willard, as the first ambassador to Spain, would have equal diplomatic rank with Dr. Page.

The new minister to Spain was held two years ago by the Spanish government for killing a child in one of the northern provinces of the kingdom. Mr. Willard was motoring through this section, when a little girl dashed from the roadside and fell under the car.

An investigation of the accident ended in complete exoneration of Mr. Willard from any blame and in apologies from the Spanish government to the visitor for having inconvenienced him.

Mr. Willard is a native of Vermont and a millionaire. He owns a magnificent country estate at Fairfax, Va., where he makes his residence. He owns a controlling interest in the Willard Hotel at Washington.

SUES FOR SEPARATION.

Bride Says She Has Lost 25 Pounds on Her Honeymoon.

New York, July 11.—A bride, who said she lost 25 pounds during her honeymoon of five months because of her husband's cruel treatment, appealed to the Supreme Court Justice Goff for alimony, pending a suit for separation. She is Mrs. Clara Katz, who is suing David Katz, a cloak and suit merchant, to whom she was married on December 22, last, and who, she says, compelled her to leave him on May 12. She alleges that her husband was disappointed because she brought him no dowry, and told her he would beat and abuse her until she left him.

Frederick Fetzer, father of Mrs. Katz, said that the defendant told him: "I want $3,000 and I want you to furnish a house for me. You might just as well take her home, for if you don't I will treat her like a dog. I can get a girl any time with $10,000."

Katz denied that he made the statement in question, but said the bride's parents gave them only a piano when they were married. The court awarded $10 a week alimony.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

OUR DISGRUNTLED COUNTY FRIENDS.

The result of last Tuesday's primary election in Alexandria city and county has brought forth inveighings from the latter section and the usual cry concerning the liquor traffic and its influence in politics is raised. There seems to be to certain elements two hideous genii in the Old Dominion—the liquor dealer and a so-called ring or machine—and all our woes are attributed to one or the other.

Some of the more disgruntled want the state gerimanded in order that the people of the county may be segregated from the baneful influence of Alexandria city.

This might be a job for Alladin, who, we are told, rubbed his lamp and commanded the geni to transport his palace from Africa to Pekin. The same force might be utilized in picking up Alexandria county and placing it somewhere in the neighborhood of Hillsville.

Alexandria county is the tail of the city kite, but for some time the tail has aspired to be the kite, having been injudiciously allowed to set up a separate jurisdiction several years ago.

Many people in this portion of Virginia seem to be restless, some suffering at times from retrocession fever when things fail to progress according to their wishes. They now clamor for a severance of relations with the city because an Alexandrian has been selected as candidate for the House of Delegates.

Ths offspring of the parent stem has been obstreperous since it donned knee pants and it long ago assumed the role of the tailors of Tooley street. Like young children, they are seldom at peace among themselves and their bickerings and quarrels have played no small part in retarding their growth.

So far as baneful influences are concerned, the history of the county, during the past two score yeans has shown that questionable influences have at times been apparent in that section.

While the county may pose as a nominal prohibition section, the fact that Washington and Alexandria are contiguous causes no serious embarrassment to people who desire to contribute towards the manufacture and sale of liquor.

The late John Wise, during his campaign for governor in 1885 told a story in Armory Hall of a fox with his mouth full of feathers cursing and damning every one who loved geese. The yarn is applicable to many in Alexandria county and other sections of the state, who seem to imagine sin entered the world through the fruit of the vine and political rings.

Hard Shell Crabs at Rammel's Cafe.

Let the Monitor rave. The fact that it yields very little influence in county affairs is evidenced by the vote cast in last Tuesday's primary. 280 votes, after all the publicity given a county candidate by a county newspaper.

The chairman of the Maryland 'Bull Moose' state committee has been deposed. As if it made any difference. Those fellows are aping their chief in seeking publicity, but they have a hard time getting the reading public to take them seriously. Once they let their chief drop out of the lime light it is all over with them.

The Senate and House investigating committee are both after Mulhall, but you would think the contest would interest that gentleman in much the same way that the man was interested who was given his choice of being hanged or shot.

SLAIN BY BULGARS.

Bodies Unearthed Show Shocking Mutilations Which Preceded Death.

Athens, July 12.—Details of the fighting about Seres received here today and officially given out at the palace confirm the reports that the Greeks have occupied Seres. The defeat of the Bulgarians at that place was effected, so the reports of today read, through the brilliant stragetical movement of the Greek troops who effected a junction with the Servians.

The ocupation of Seres by Greeks and Servians is a final blow to the Bulgarian army, and makes more gloomy the hopes of Czar Ferdinand.

With the announcement of the latest reverse to the Bulgarians also came details of bloody toll taken from the residents of Seres just before the Bulgarians retreated.

Two hundred Greek residents, including several churchmen, one of them a bishop, and a score or more of notables, were huddled into a small yard like so many sheep, and shot down after they had been subjected to unspeakable indignities.

The dispatches which tell of these masacres make no mention of women and children as having been among those slain.

The tales told by the residents when the Greeks and Servians occupied the town were so terrible that Greek commander of th sixth division had the bodies disinterred from graves hastily made by the Bulgarians. The mutilated forms of the dead bore out the stories of the massacre.

MANY INJURED IN RIOTS.

Nationalists And Unionists Clash, in Belfast.

Belfast, July 12.—Serious rioting between Nationalists and Unionists occurred here early today. Many were injured during the fighting, whi which lasted for two hours. The contending forces were dispersed only after the police had been re-inforced and charged the rioters repeatedly. scattring revolver shots, clubs were seattering revolver shots, clubs were wieded with tellig effects, and showers of stones and bottles filed the air. The heavy police guard was maintained in the district of rioting for fear of further trouble.

Christ Church, New Zealand.—An attmept was made her to blow up Kng Edward Military Barracks by sympathizers of youths who were imprisoned for refusing to do military service.

New York.—With his mother watching from a widow, Phillip Geragy, of 270 Humbolt stret, was killed when he fell under a motor truck, Mrs Geragy fell down stairs, injured and hysterical.

BARGAINS OF A LIFETIME.

Owing to the death of John A. Marshall, the business of the firm will be conducted by me as surviving partner. The affairs will have to be settled, no matter what the sacrifice. Knowing full well that it will take considerable time to close this matter by even getting cost prices of our goods, I have determined, in order to settle quickly, to sacrifice everything. It is impossible to enumerate the immense stock, but a few will suffice to interest those who would like to get something for actually nothing. The sale will begin tomorrow, July 12th, and will continue throughout the week. To interest the people we will mention a few of the many bargains:

Broken lot Men's $4 and $5 low Shoes and oxfords, for $1.50.

Women's oxfords, in broken lots, mostly small sizes and narrow width. Usual price $2.50, $3 and $3.50, now $1.00.

Children's oxfords that sold for $1.00, $1.25, and $1.50, to be sold at 50 cents a pair.

Misses oxfords, which we never sold for less than $1.25, $1.50 and $2.00, will go for 75 cents a pair.

100 pairs of misses and children's white canvas pumps and oxfords, a few slightly soiled, will be sold for 25 cents a pair.

In conclusion, I want to ask my friends to assist me in settling the affairs of the firm promptly, and the best way I can suggest is by closing their accounts. I will gratefully appreciate their co-operation in this matter.

Lose Lives by Snake Bites.

Hendersonville, Ky., July 12.—Venom from the fangs of rattlesnakes has caused two deaths in swift succession in East Hendersonville. Miss Lilly Liverette, daughter of Rev. Jno. Liverette, of East Hendersonville, the first victim, died Sunday, and Monday, the day of her funeral, young Hugo Stepp, aged 12.

Miss Liverette, who was about 20 years of age was bitten while walking in a woods near her home.

Medical aid was promptly summoned, but efforts to combat the poison failed.

The Stepp lad met his end under almost similar circumstances. He was playing in the same locality when a rattler struck him. Immediately he gave the alarm, and physicians were called, but he died in agony.

PASTOR GETS 3 MONTHS TERM.

Convicted of Wronging Girl, Former Member of Choir.

Elizabeth, N. J., July 12.—Judge James C. Connolly, in the Court of Common Pleas here, yesterday sentences Rev. Willis S. Mac-Rorie, ofrmerly pastor of the Mount Horeb and Springdale Methodist Churches, to three months in the county jail.

MacRorie was convicted two weeks ago of wronging Edith Nelson, a 19-year-old girl and former member of the choir of Mount Horeb Church.

Former Judge Clarence E .Case, of Somerset county, attorney for Mac-Rorie, immediately after sentence was pronounced said he would take an appeal. Bail for Mac-Rorie was then fixed at $1,000 and was furnished by Manning F. Coddington, a member of Mount Horeb Church, who also acted as bondsman for Mac-Rorie and the Nelson girl when they were arraigned to plead to the indictments.

It is not expected that any further action in MacRorie's case will be taken by the Newark Methodist Conference until after the decision on the appeal is rendered. MacRorie was suspended until September of this year by the Newark Conference last March.

PUTS BLAME ON ENGINEERS.

New Haven Officials Say the Rule Was Forced on Them.

New York, July 11.—The New Haven Road has issued a statement in regard to the report of the commission on the Stamford accident, in which the road declared that the commission had failed to state that "employment of the inexperienced engineman was practically forced upon the New Haven Road by the engineers of the company."

"In the fall of 1912," the statement read, "an order was issued to the effect that spare engineers with less than two years' experience or two years' rating as engineers would not be allowed to run through passenger trains. This order was protested by the engineers on the ground that the company had not adhered to the rule of giving the engineers 30 days' notice before amending existing rules.

"The engineers offered the rule which is now in effect, providing instead of two years' experience a requirement of one year. Mr. Bardo, general manager, accepted this amendment because it was essential to public safety that the engineers should get back to work without having another long dispute to settle with the company.

MISSING MAN MURDERED.

Body Frightfully Shot Found in Woods And Purse Plundred.

Yardley, Pa., July 11.—Bucking county authorities are investigating the murder of Domginic Felix a labor, or in the employ of the Philadelphia and Reading Railway here. He has been missing nearly two weeks, and a fellow workman yesterday found his body wrapped in a blanket near his hut in DeVitta's woods.

Felix's skul lhad bene fractured, two of the bones in his neck broken, and he had been shot through the head. A shotgun had been used in committing the crime. The shot entered the back of his head and tore away a portion of the face where it came out.

Near the remains was found the pocketbook of the man. This was empty, and robbery is supposed to have prompted the murder. Coroner Rue, Constables Mason and Wist and a detail of the State constabulary are working in connection with the District Attorney, in an endeavor to run down the murderer.

URGES CONFESSIONAL.

Dr. Sheldon Startles Delegates at Christian Endeavor Convention.

Los Angeles, Cal., July 11.—The Rev. Dr. Charles M. Sheldon, author of "In His Steps," who some years ago ran a Topeka (Kas.), newspaper for a week "as Christ would run it," yesterday startled the Christian Endeavors in convention here by urging the union of all protestant churches under one head and the establishment of the confessional therein. His address was not made to the convention, but to some of the delegates in a church.

The power of the Catholic Church, Dr. Sheldon, who is a Congregationalist, ascribed to its solidarity, the fact that it had but one head, and the confessional. He had heard confessions in his church in Topeka, and had found that the confessional worked great good.

"All sorts and conditions of people have come to me," he said, "knowing that they would receive helpful advice."

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
